 - Staffing/Planning: Dan Conrad gave updates on staffing and continued hiring happening at JHS. Leadership has met and the planning of the culture of JHS has begun. Building is on track to be complete on time or even early! Summer Connections will be the last 2 weeks of July for freshmen, and will take up to 60/65. Leadership opportunities for upperclassmen will be available, as well. JHS Newsletters will begin this month. June 1 is when occupancy is expected entirely.
 - Activities: Chad Stadem gave an update on activity staffing. Currently hiring boys and girls soccer. Next steps: assistants for music, basketball is open, other assistants will begin next month or two. Coaches working on summer schedules and will be pushed out online. Football coach has done a zoom meeting with kids. Rest of the coaches are waiting at this time. June 1 is when workouts, weight rooms, gyms will be open to JHS students.
 - Open Enrollment: Coaches cannot communicate with students that enrollment is not at JHS. If kids want to come back to their HAC, they can do that. Advice- do it sooner than later, resources are allocated in March and that is based on enrollment numbers. Dan Conrad reviewed the open enrollment law and numbers the district is required to follow when accepting open enrollment.
 - Request of Booster Club: Dan Conrad submitted a list of wishes to the Booster Club. Tony Erickson reviewed the list and asked for additional information...
T&A Account: Will be smaller than current High Schools (starts at 0), this is an account that builds over the years. Currently, advertising dollars are being put into this account. This will need to be built over the years to support activities.
Jefferson Historical Items: Is this something that the Booster Club wants to give? Examples: Declaration of Independence, Louisiana Purchase, Compass, etc. Something at the front of the school that could be presented as a donation of our boosters. RAISING FUNDS is essential and must be a priority at this time!

Agenda:

1. Updates since last meeting:

- Tony reviewed the status of the 501c3 status completed by Boyce law firm.501c3 status.
- Chad gave update on JHS building and hiring progress, also reviewed Open Enrollment timelines.

2. New Business:

- Discussion on Board of Directors (See Article V & VI JHS Bylaws). Also, article VI-Section 8 for roles of each position. Discussed the need to establish a board of directors or officers to get the booster club started. Fundraising being an important element to begin ASAP.

Recommendations from Tommy Johnson (Boyce Law Firm): "At this juncture, it seems to me that this organization is at the very formation stages of everything and is not yet operating with members who would vote to elect directors, etc. I think it would make some sense to have the board/executive team put in place as soon as you can, and then once you get fully operational, you can run through the ordinary course elections of B.O.D. and other matters."

"Best course of action, appoint the board/exec. team now and finalize your bylaws, which would provide the qualifications of your expected membership. Then when you have your first annual meeting, just have the membership ratify and approve the selections."

Established board of directors to begin JHS Booster Club, will officially vote in at later 2 date. May also adjust positions in Spring.

1. Co- Presidents: Tony Erickson & Chris Altenburg
2. Co-Vice Presidents: Tyler Bowen & Jason Silvernail
3. Secretary: Amber Blume
4. Treasurer: TBD

- Fundraising will be an important element to get started right away. The group brainstormed a few ideas and discussed to continue to think about ideas for future meetings.
- Discussed the need for a website. Tony Erickson & Wyatt Year have names of people that could assist and are reaching out for additional information. Briefly discussed the need for social media, but no decisions were made at this time.

Next Meeting: February 3rd or February 10th either Zoom or at IPC
